

## Installation Directions

**Step 1**

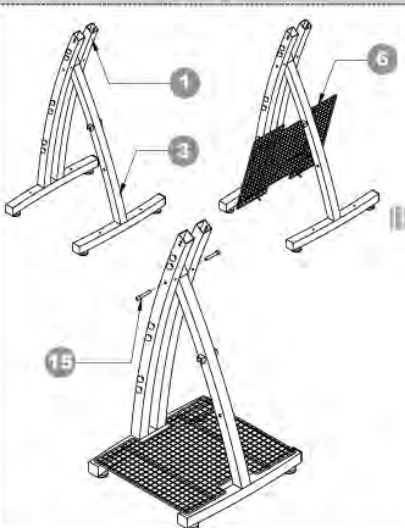

Connect <T> logo sign 9, King Tony logo sign 10 and top display support 2 with Allen round head screw 13 & nut 16.

**Step 2**

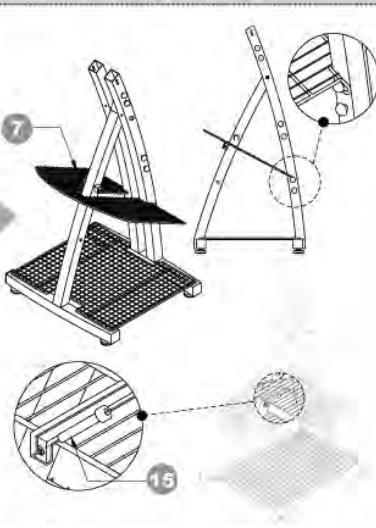

Plug tube cover 11 and fasten adjustable floor pad into both front bottom support 1 and back bottom support 3.

**Step 3**

Fasten back bottom support 3 to front bottom support 1 with Allen head long screw 15 x2pcs. Put bottom shelf rack 6 between front bottom support 1 and back bottom support 3.

**Step 4**

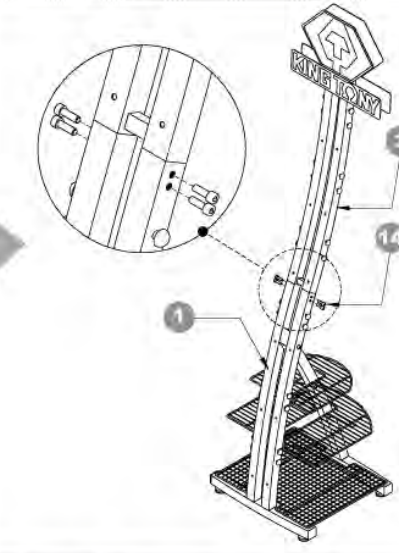

Put middle shelf rack 7 between front bottom support 1 and back bottom support 3. Fasten middle shelf rack 7 on the support with Allen head long screw 15.

**Step 5**

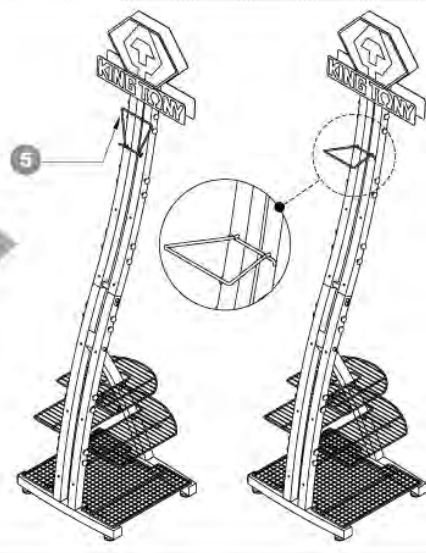

Hang top shelf rack 8 with the supports.

**Step 6**

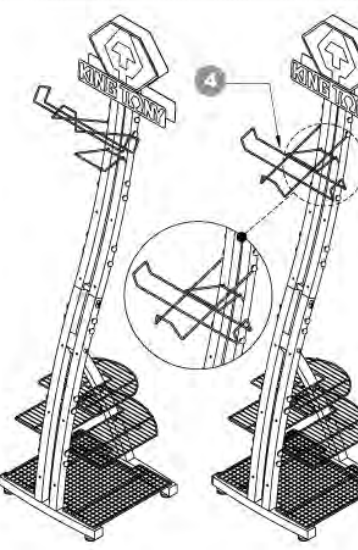

Connect top display support 2 and front bottom support 1 with Allen head short screw 14 x4pcs.

**Step 7**

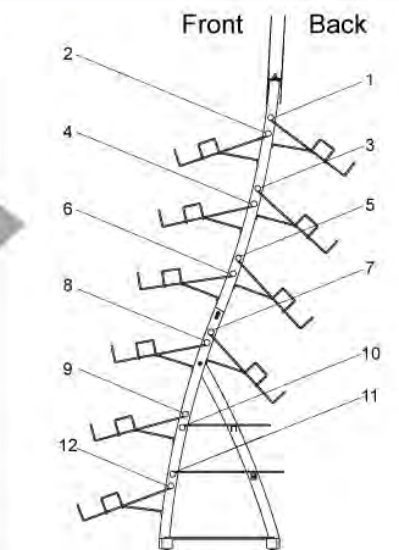

Hang tool holder support 5 on vertical supports.

**Step 8**

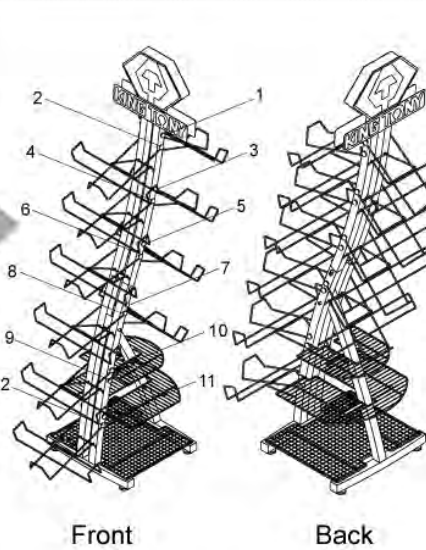

Hang wire tool set holders 4.

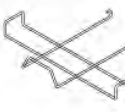

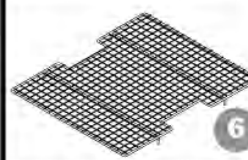

**Step 9**

Install all wire tool kit holders.

**Step 10**

Finished
