

9TYP8531AA

Alineación de Ruedas

— Use la tecnología de medición de recopilación de imagen 3D para hacerla trabajar rápida y precisamente

— La luz y la temperatura no afectarán el resultado durante la medición

• Use two precise cameras to measure the wheel angle

• There are rubber pads on the turntable to make sure the tires are in a stable plane

• The special clamp will prevent the deviation between rim and clamp

• There is no electronic components and sensors on the target board

Appellation	Measuring Range	Accuracy
Display accuracy	-	1' /0.01° /0.1mm
Camber	±10°	±2°
Caster	±20°	±6°
King-pin(SAL)	±20°	±2°
Toe	±20°	±2°
Set back	±5°	±2°
Thrust angle	±5°	±2°
Track width	1800mm	±2mm
Wheel base	3300mm	±2mm
