

6CB21

Digital Voltage Tester

- Quickly and safely tests high and low voltages on Hydropower, Motors, Cars, etc
- Specification :
- CE approval
- DC Voltage Test : 12, 24, 50, 120, 230, 400, 690V
- Polarity indication
- AC Voltage Test : 12, 24, 50, 120, 230, 400, 690V
- Phase rotation test
- High voltage indication ≧50V(busser sound)
- Frequency range : 0-70Hz
- Continuity test : 0~550KΩ
- Self-Diagnostic test
- Built-in LED flashlight
- LCD Display
- Protection IP64
- Operation condition : -10~55°C
- AAA 1.5V x 2pcs(Battery not included)
- Standard category :
  EN 61243-3 / IEC 61243-3
- EN 61010-1 / IEC 61010-1
  CAT.III 690V / CAT.IV 600V

Item	Size(mm) L x W x H	g	
6CB21-1	255 x 66 x 30	250	1 / 50
